## Ongoing Projects

### Bingo game

Created a bingo game using MERN Stack. Where 2 people can play simultaneously.

ReactJs for front end, expressJs for backend and Socket.io for seamless communication between users.

## Projects

### Flight Booking Website

Built a full stack MERN web app to search and book flight ticket where users can select which seat they want.

### Sudoku Solution Generator (Website)

Built a website using Reactjs and backtracking. A website where user can provide unsolved sudoku-puzzle and the website automatically provides a solution to the puzzle.

## Achievements

### Won a Machine Learning Hackathon

Won 1st prize in the Machine Learning Hackathon organized by our college.
